gazette

VOL. 9 NO. 36 WEDNESDAY, OCTOBER 9, 1968 10¢ PER COPY

Lady Lions President Installed

Delores Kambouroff, new president of the St. Albert Lady Lions, received the president's gavel from out-going President Terry LeBlanc at a recent ceremony. From left to right are: Dr. W. D. Cuts, den mother; Maureen Swain, Mrs. Kambouroff Sheila Willis, Louise Tardiff, Mrs. LeBlanc, Greg Logan and Julie Key.

Rene Kambouroff represents St. Albert at Chamber conference

Mr. Rene Kambouroff, who represented the St. Albert Chamber of Commerce at the convention of Canadian Chambers of Commerce last week, reports that it was well attended by 750 delegates and corporate members from across Canada. All of the sessions drew good turn-outs and as a group presented information of viewpoints on a wide range of subjects.

Mr. Kambouroff who is president of the St. Albert Chamber, also found that the four day convention provided many opportunities for meeting and talking to people from other centres with similar interests and problems. Such discussions he felt were equally as useful

as the formal meetings.

For the occasion of Prime Minister Trudeau's address the meeting was jam-packed and extra tickets were selling as high as \$80.00 each. Following his address, which emphasized the need for government and business to work together on a two-way basis, Mr. Trudeau was given a standing ovation.

Mr. Kambouroff believes that the communities represented showed up as among the more progressive in the province, and the St. Albert Chamber should continue to have representation at such meetings and conventions in the future.

Mr. Kambouroff was accompanied by his wife.

Bottles

The St. Albert Cubs and Scouts will be out in full force Saturday morning, Oct. 19 when they hold a rag and bottle drive. Proceeds will be used for scouting projects. If you wish you can take your empties to Ross' Bottle Depot on St. Albert Road, just past the underpass. Bottles received there the week of Oct. 14 - 19 will be credited to the Boy Scouts.

So Dads, get busy and clean out your basements and garages this long weekend and have your bottles ready for the Scouts when they call Oct. 19.

Local hunter gets moose

No matter what you may have heard from some hunters, there are moose in them thar woods.

Just ask Rene Parenteau, owner of St. Albert Texaco, and his hunting mate from Edmonton, Dale Morley.

Rene and Dale travelled up the Athabasca River to a point about 20 miles east of Calling Lake last week and camped overnight.

They downed a cow and a calf the next day, only a quarter of a mile from their boat.

Rene's now thinking of taking a shot at some elk "after the snow flies."

Arts centre requires manpower

The St. Albert Arts Centre is slowly nearing completion but a nip and tuck battle with the weather.

It is 90 percent completed but a spokesman reports that the remaining 10 percent may be the hardest part of the job because of lack of support.

Classes are off to a good start and even incomplete heating, which has meant that youngsters have had to sit in class in winter clothing, has not dampened the enthusiasm.

The spokesman said: "Our old dependables are out night after night but they

are in the minority. Weather is slowly turning against us and daylight hours are becoming shorter."

"We need a few fathers who are willing to tear themselves out of their easy chairs and away from that 'square box' a couple of nights a week until the centre is finished.

"It won't be for long and they should hang their heads in shame if classes have to be cancelled because it is too cold and no one turned out to help the heating man and the few others who are fighting to complete the job alone."

Forty hear candidates at election rally

Pictured at Monday's Meet the Candidates Rally are left to right, mayoralty candidate Don Bull, Councillor John de Bruijn, Robert Russell, chairman Peter Zuidema, mayoralty candidate Ray Gibbon and Rene Kambouroff.

by Hennie Stibbe.

Robert Russell expressed his surprise at "how many complain and how few show up," when not more than 40 St. Albert residents took the time to meet the candidates in the Oct. 16 civic election at a Chamber of Commerce sponsored election rally held at the community hall Monday evening.

In his opening statement, mayoralty candidate Donald Bull charged that residential, industrial and commercial developers are being discouraged. "A few years ago" said Mr. Bull, "our town was being operated by very imaginative people. Today, we have nothing that resembles businesslike procedure, and if this frame of mind is allowed to continue, today's high mill rate will be quite low compared to the future mill rate."

Mr. Bull said town spending on items that will give no return has almost doubled since 1965.

"In the past I have made statements that have caused the council to become quite aggravated," Mr. Bull said. "I wish to point out that the truth hurts. The statements that I have made must be true, because I have never been sued. When you catch a kid with his hand in the cookie jar . . . he can sure talk." Summing up, Mr. Bull said "the only solution to the whole problem is a democratic, businesslike approach to government, decisions based on merit and public business conducted in public."

The other mayoralty candidate, Raymond Gibbon, promised to continue his efforts to decrease debt by buying. Mr. Gibbon pointed out that the 1968 budget saw a one mill reduction for municipal purposes.

If amalgamation comes, said Mr. Gibbon, his knowledge of municipal acts will enable him to look after the best interests of the town. Mr. Gibbon said a mayor, if he is to carry out his duties

efficiently, needs the co-operation and confidence of his councillors. He added that he believed the council would co-operate with him, were he elected mayor.

Rene Kambouroff said he would keep the public informed of the town's administration and he would endeavour to make information more readily available to the people of St. Albert.

Mr. Kambouroff said he would work to re-zone and service certain areas in order to attract industry and that he would search for ways to broaden the tax base. "We must work for a very

hospitable liaison between the Town of St. Albert, the M.D. of Sturgeon, our M.L.A. and the provincial government," said Mr. Kambouroff.

John de Bruijn stated that with litigations against the town out of the way, the town is now in a position to plan for the future and plan orderly and proper development. He favors building a small industrial park. "The town must spend some money to entice these industries," he said.

He feels the town should push the provincial government for revision of the homeowners grant.

Comparing St. Albert's mill rate (78 mills) to that

CONTINUED ON PAGE 12

Gazette to publish day late

The Gazette will publish a day late next week in order to bring subscribers complete results in the municipal elections.

It will publish Sept. 17 instead of Sept. 16, the day civic elections will be held throughout the province.

Sergeant W. K. "Ken" Williams who has taken charge of the St. Albert R.C.M.P. Sgt. Williams joined the force in Winnipeg in 1949, took training at Regina and Ottawa and since that time has been actively engaged in police duties in various points in Alberta for the past 18 years. Sgt. Williams has seen service at 12 detachments and was most recently in charge of Two Hills, Breton, Slave Lake and Fort McMurray. He is married with three children and makes his home at 13 Granite Avenue. Sgt. Williams succeeds Sgt. W. Reinhold who is now working out of the Edmonton office.

Have you contributed for Biafran's starving? Your bank will take your contribution.

Sale of wheat

The Canadian government intends to hold negotiations with the Russian and Chinese governments in an attempt to bolster Canada's sagging wheat sales.

It is also, according to Jean-Luc Pepin, minister of trade and commerce, mak-

ing extreme efforts to develop markets all over the world and avail itself fully of existing markets.

Anything will be good news to the farmers.

For the past two weeks, new export sales of wheat have been nonexistent, which

must be something of a record.

It is charged by some of Canada's past customers that the prices are too high, but as Canada is committed to the International Grains Agreement, little can be done about this at this time.

The meeting at Canberra of the five leading export nations produced a bland statement to the effect that they were satisfied with the operation to date and intended to observe the terms of the arrangement with respect to minimum prices, but the meeting at London this month may produce more concrete results as importing nations will be represented.

The only business Canada did over the past week was the sale of 1,500 tons of flax, and 2,100 tons of rapeseed to Japan and about 11,000 tons of malting barley to the United Kingdom.

Color is the key

This coming season, if the experts have their way, Canadian males will go hogwild on color, reports Men's Wear of Canada. Co-ordination is the name of the game according to a report from the Canadian Institute of Men's apparel. If it's eye catching the shimmers like a peacock's plumage, you're in.

The totally co-ordinated look is here. Gone is the dull suit worn with the ubiquitous white shirt. Gray shirts, blue shirts, fawn, deep brown, pink and even purple shirts for morning, noon and non-formal evening wear will be the thing during the coming months. It may soon be commonplace to appear in a pink four-button double-breasted jacket, blue twill slacks, white striped shirt and pale red tie.

Companies today are aware of the importance of staff not only being smartly dressed, but dressed in the latest fashion. And junior executives follow the boss. Brilliance and variety of colors and styles of men's suiting and sports jackets are now being favored by Canadians. The drab, charcoal gray look is on the way out, if you're going to make the best-dressed men's list, says the Canadian Institute of Men's Apparel.

Wheat price supported

Canada, the United States, Australia, Argentina and the European Economic Community have affirmed their intention to observe the minimum price objectives of the International Grains Arrangement. Officials of the five major wheat exporters met last week for a three day meeting in Canberra, Australia, and agreed on several important proposals which will be placed before an October meeting of the prices review committee in London.

A report indicates that agreement was also reached which would institute a regular exchange of more extensive information on international wheat trading matters.

Denham Brothers Chuckwagon Champions

The Denham Bros. - Hugh and John have been officially advised that their chuckwagon unit won the Canadian Championship for 1968.

The Denham outfit scored the high total points on the Rodeo circuit which operates in Manitoba, Saskatchewan, Alberta and British Columbia.

Award will be presented to Denham Bros., at the annual banquet of the Canadian Rodeo Association to be held in Calgary in November.

Garry Dorchester of Westeros is driver of the Denham Bros. chuckwagon. He is now looking forward to competing in the Chuck-Sled races at Wetaskiwin's annual winter carnival. This was a new event added to the carnival last year and promises to be a top favorite.

Fun, action, make-believe and learning are among the ingredients to be found in CBC-TV's week-morning pre-school series Mr. Dress-Up. Ernie Coombs is the remarkable Mr. Dress-Up, who lives in a 'community' fashioned from the child's own world of imagination and experience. Each day he is joined by his puppet friends Casey and Finnegan, and his special helper Susan.

call for grading research

Canadian beef producers could increase their returns in the market place if government would re-examine the suitability of the present grading system, standards, and procedure.

This is the message conveyed to the Federal Task Force for Agriculture by the Canadian Cattlemen's Association.

CECILE ETHIER

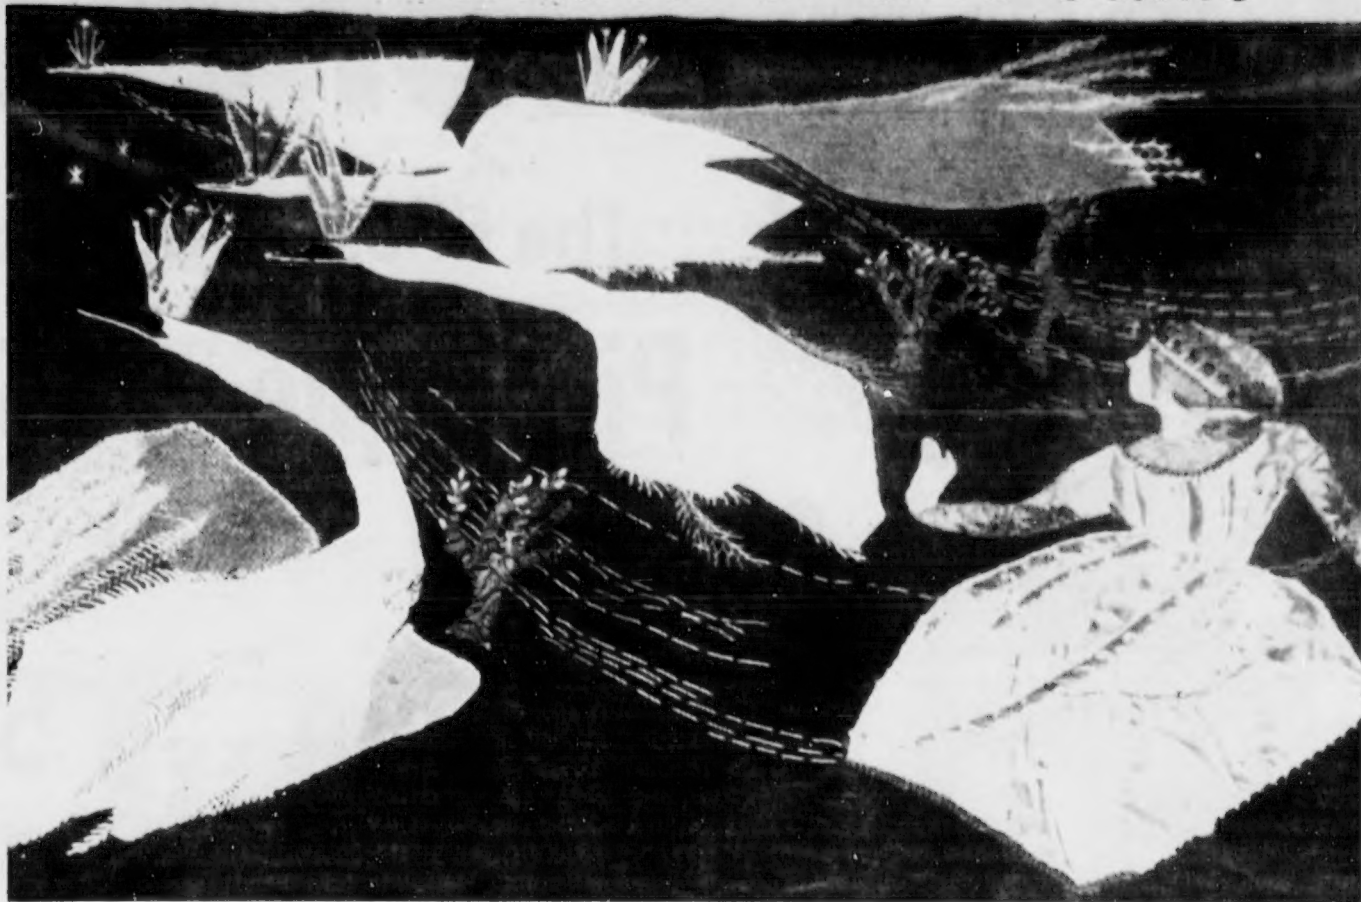

Miss Cecile Ethier, daughter of Mr. and Mrs. R. Ethier of St. Albert has graduated as an R.N. from the Misericordia Hospital School of Nursing in Edmonton with a high standing. Cecile, who has lived in St. Albert all her life, attended Father Jan and St. Albert High Schools here. Always a keen participant in sports, she continued active in basketball during her nursing training and has also become an ardent skier. Miss Ethier plans to stay on at the Misericordia for the present but has hopes of doing some travelling later on possibly to Montreal.

"We are convinced there is a need to establish the relationship, if any, between carcass weight, external fat cover, and trimmed lean content of a carcass" the CCA said and added "there is need also to discover reliable indicators for evaluating lean content at the level of the packer's rail with a minimum of cutting or ribbing out. It is well known that, among animals grading Choice on foot, there may be a variation of \$50 in lean cut out at the retail level."

The producers' organization believed also research "might well be intensified" in developing more efficient animals, lowering the feed-gain conversion rate, breeding high-yielding varieties of feed grains, and in related technology affecting beef production. It noted, however, that in the past, improved efficiency had benefited the consumer more than the producer.

Creative needlecraft at Arts Centre

"The Princess and the Seven Swans" - a sample of Creative Needlecraft which will be taught in a class at the St. Albert Arts Centre this fall. This craft is basically the application of materials on material involving

creative embroidery making a design or picture which can be incorporated in wall-hangings, cushion covers, place mats etc. This particular example would be a delightful picture for a small girl's room.

Civilization

Since 1898 there have been 128 armed conflicts; 73 of them since World War II. World population continues to increase in spite of famine, pestilence and the inability of peoples to resolve their differences peaceably. The Financial Post credits the Institute of Strategic Studies, of London, with this

box score of killings in major conflicts.

Russo -- Japanese War 1904-5, 130,000; Balkan Wars 1912-13, 162,500; Colombian Civil War, 1948-53 200,000; Vietnam, 317,000 so far; Spanish Civil War, 431,000 plus 225,000 civilians; Korean War 1950-53, 581,823 plus 400,000 civil-

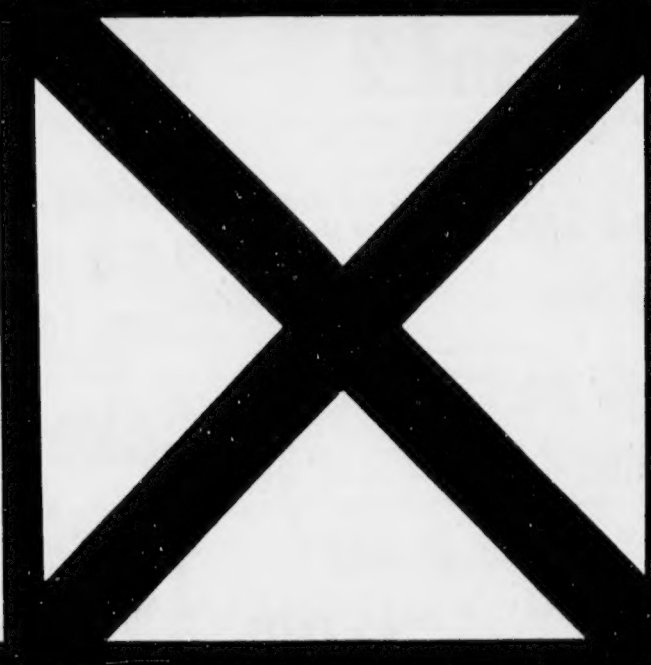

ians; World War I, 1,418,000 plus 1,300,000 civilians; World War II, 16,933,000 plus 34,305,000 civilians. The score continues to mount as witness the undeterred murder of Biafra by Nigeria.

Man's technological advancement far outstrips his sociological progress. His ability to kill is not matched by a capability to understand

and co-operate. He may produce food, natural and synthetic, in ever greater quantities, but unless there is a serious movement toward the basic principles embodied in the cooperative philosophy, mankind may pass the point of no return, and with his appalling ability for self destruction, press the button that means game over.

the Gazette REFLECTS A fairy tale for the year 2000

Once upon a time the peoples of the new world nearly lost the most precious gift they had. The gift was a wonderful new concept of freedom for the individual and it had been handed down to them at great cost by their forefathers.

The terrible danger to the precious gift occurred in the time between 1945 and 1970.

To help protest this gift a very great man had given them a wonderful definition of it - "Government of the people, by the people and for the people . . ."

But the people overlooked the importance of the middle phrase and "government by the people" almost perished in North America. What nearly killed it was mass apathy - and it was said of this generation that the people would rather die than think. They were too busy (1) making money to buy more things; (2) looking after their own personal interests only by government lobbies; (3) thinking up new ways to have fun.

The people knew that government - OF the people was fact. Each person had a government number and each worker paid a good portion of the fruits of his labor to governments.

They also loudly demanded government FOR the people - till they had almost cradle to grave assistance from government. They called it "social security."

But they nearly forgot that without government BY the people, the security of the individual faces terrible dangers.

They nearly forgot even though they had new people coming each year to their continent, from the old world. People who knew what happened when government was only of the people and falsely presented as for the people.

The newcomers tried to warn them but they didn't listen.

Two things were needed to save free democracy. The people had to watch what governments were doing and think about it. And they had to use the machinery they had built to protect their freedom. They had to vote and they had to let their representatives know what they wanted.

Observing and thinking meant extra work and even voting was too much trouble for more than half the people.

But young students in this period were thinking. Sometimes they were right - quite often they made mistakes because of little experience. Still they were educated and thinking and stirring things up.

And the people who had lived through times of no freedom in other lands were working and remembering and warning North Americans.

So eventually - before police state measures were the only way left to prevent chaos, the people realized the importance of government BY the people.

Freedom of the individual was restored and people looked forward to living happily ever after.

At last night's public meeting for discussion of election issues with all candidates, only 40 people attended.

In the last general election in St. Albert only 27% of

Candidates Express Their Views

RAY GIBBON

The system of voting has changed

As of June 1, 1968, a new Municipal Election Act came into force.

The voting age has been lowered to 19 years of age. A system of registration is also in effect, which allows a voter to have his name added to the list of electors during office hours of any business day at Town Hall, up to the fourth day before the election, Oct. 16, 1968. This year, Friday, Oct. 11 is the last business day for addition of names to the voters list.

If a voter finds his or her name missing from the

voters list, at their designated poll on election day, the right to vote is still available by attending a special poll at the Town Hall, where you can register and cast ballots.

Any person can vote who appears on the Town Assessment Roll, with no time limitation as to residence. The determining factor is: the appearance of names on the Assessment Roll. Individuals who rent their homes have to have twelve months residence in the town prior to the day of the election.

I bring this to your attention, because I have noticed in the younger age group a number of names have been missed on the voters list.

Under our democratic voting system a minority of voters can elect a candidate if a large number of the eligible voters do not cast ballots. It is a case of the minority ruling by apathy of the majority. I urge every voter to cast his or her ballot on Oct. 16, to choose a mayor and two councillors to represent you.

For further information on voting rights, voters list or other, phone 599-7614 - 599-5253.

than June 25 is the case at present. This gives the town a two fold benefit. First, we would eliminate interest expense on short term borrowings. Second, by placing the taxes collected on short term deposits with the chartered banks we would have substantial interest earnings. The town presently makes use of short term deposits but because the taxes are not collected until late summer, the interest earnings do not offset the interest expense.

Now that the town has resolved the two major law suits that hung over us like a large black cloud for some four years, the council is in a position to spend considerably more time planning for the future. The resolution of these difficulties has once again made St. Albert a favorable site for developers and mortgage companies to invest their money. This fact is proven by the finalizing of the agreement with Alcan Design Homes and the interest being expressed by other developers.

It has been stated further residential development will only increase our already high education costs. I believe if the council negotiates with the developers we can have them make

DON BULL

Avoiding responsibilities and passing the buck still doesn't answer the question. "What happened to the money?"

The fact is that the municipal spending has almost doubled since 1965. Everybody but the federal government, so far, has been named as the villain, but this still doesn't answer the question. I suspect the elected officials of the town passed the bylaws and resolutions that spent the money.

In my view, minding your p's and q's is an entirely different subject than minding your dogs, cats, and garbage. The main issue, which is really money, has been put aside for minor legislation.

Unless there is a drastic change in the municipal government there is going to be a continued increase in taxes. The town requires a change in viewpoint. At one time the world was thought to be flat. I am suggesting that the town administration sees the world as being flat. They lack the imagination necessary to create change.

Commercial, industrial and residential developers have been discouraged from investing in our town. Your taxes have risen and your property values have failed to reach their maximum.

If elected Mayor, I will conduct the business of the town in a businesslike manner and encourage new development and remember that the public purse is a trust.

JOHN de BRUIJN

Electors of St. Albert, I wish to clear up any question in anyone's mind regarding my house being for sale. It has come to my attention that some people think I am planning to leave St. Albert in the near future. This is not so. Our plans are to purchase a house in the new Alcan subdivision presently being constructed north of the Sir Alexander MacKenzie School. However, to do this we must sell our present home.

I believe our present mill rate can be reduced if the town would levy its taxes in

ROBERT RUSSELL

As one of your representatives on council I believe that I can make a contribution to the management of the affairs of our town. As a local businessman, I am aware of the effect high taxes can have on further development. I believe that council must hold the line on taxes and make a sincere effort to increase our commercial tax base and help take the burden off the home owner.

I will work to get strong support for a Commercial-Industrial Development Committee and ask for the establishment of a Planning Committee to study our future development needs and try to overcome some of the problems of the past. St. Albert is expected to increase its population by 50% in the next four years and we will have a population of 35,000 by 1981. Now is the time to plan for water

RENE KAMBOUROFF

In previous issues of the Gazette I have outlined the major areas of endeavour I would work for on council:

1) To broaden our tax base by bringing commercial development and light industry to St. Albert.

2) To give careful scrutiny to every matter before council which involves spending -- either of tax revenues or grant revenues which are presently available. A brochure in your mail box will go into these matters in more detail.

This week I ask the residents of St. Albert to give me their votes and thereby the opportunity to do the job which I believe I can do.

As a resident like yourselves -- raising a family in this community, I share your concern about making St. Albert a good community in which to live. In council I will speak with an independent voice on matters in-

substantial contributions to future school sites, sewer and water facility extensions, main traffic roads etc. By doing this we can nearly eliminate a "general benefit" contribution. General benefit means the portion of public works, capital costs borne by the town.

In soliciting your support on Oct. 16 I ask you to elect men with proven administration ability and a sound knowledge of municipal affairs and problems.

It is said that this is a changing world, but the hunger and poverty of millions of its children never changes. This battle must be waged - and by buying Christmas cards from The Canadian Save the Children Fund you will be helping to provide the assistance so vitally necessary. Your local representative is: Mrs. Hugh Howell-Jones, 6725 Larch Court, Calgary, Alta.

RUSSELL

and sewage facilities - for school land and areas for recreation and parks. We have to review our policy toward zoning and find a better location for the town dump.

We have to work harder at improving the town's image and we must learn to work with the City Council of Edmonton and our neighboring municipalities.

My wife and I have three children of school age and we have lived in St. Albert for five years where we own our own home and business. I am vitally concerned with the economic health of our community and look forward to the opportunity of taking an active part in the decisions that will shape our future. I sincerely ask for your vote on Oct. 16.

I would also like to express my personal thanks to the Gazette for giving the candidates this opportunity to convey our views and platform to the electors of St. Albert.

KAMBOUROFF

volving the well being of children and adults. The opinions of residents will be welcomed on any public issues and I would be happy to discuss my position on any issue with interested citizens during my term of office. An elected councillor's first responsibility is to represent the voters. Tied to this is a responsibility to keep the voters informed on matters before council. In this case I would ask the residents to take interest in town affairs and thereby help council do its job.

Yes -- I ask that you vote for me. But more important -- regardless of which men are your personal choice -- I ask each and every voter to go to the polls on Oct. 16 and let his ballot speak.

An absentminded jeweler was being married. When it came time to present the bride with the ring, he nervously hesitated. "With this ring..." prompted the minister.

The jeweler smiled with re-

lief. "With this ring," he continued, "we give a written guarantee, reminding the customer that the price will be refunded if it is not as represented."

Most fires on the farm are the result of preventable causes. Some of these preventable causes are defective chimneys; sparks on combustible roofs; in-

adequate lightning protection, carelessness with matches and smoking materials; improper use of volatile liquids and fuels; unsafe stoves; faulty furnaces; misuse of electricity and appliances. The list could go on. Attention to preventable fire hazards is perhaps the best paying activity on any farm.

A drunk boarded a bus and sat down next to an elderly lady. "You may not know it," said the old lady, "but you're going straight to hell, young man."

The drunk jumped to his feet and hollered to the driver: "Let me off", I'm on the wrong bus!"

lief. "With this ring," he continued, "we give a written guarantee, reminding the customer that the price will be refunded if it is not as represented."

The jeweler smiled with re-

St. Albert

St. Albert asks for sales tax

The Town of St. Albert is calling for a provincial sales tax to remove from the municipal tax levy the entire cost of education.

Delegates to the 62nd annual convention of the Alberta Urban Municipalities Association in Lethbridge at the end of this month will go armed with a resolution calling for the sales tax and/or a surcharge on federal income tax.

The resolution claims that * Education is the prime responsibility of the provincial government;

* The cost of education is becoming an ever-increasing burden on municipal taxpayers;

* This cost is accelerating annually at a rate greatly in excess of the growth of municipal assessments and it is apparently uncontrollable, to the extent that property tax levies cannot be maintained in proportion with the provincial or national economy;

* As a result of these cost increases the property tax is regressive.

The resolution was originally introduced to town council in 1967 by Ray Gibbon, who is running for mayor in the Oct. 16 civic election. It failed to get backing that time but did when the councillor resubmitted it last July.

"I was afraid they were

going to put in a sales tax anyway," Mr. Gibbon said, "so I thought we might as well try and get it taped to do a certain job."

Mr. Gibbon said the sales tax and/or surcharge on income tax would be specifically applied to education. He suggested the sales tax maximum be five per cent and surcharge maximum be three per cent.

"Taxes would drop sharply on property," Mr. Gibbon said, "but some people, the ones in the high income bracket, would find they would be paying more in other taxes. This would be a progressive tax not regressive the way property tax is now."

Mr. Gibbon said education must be taken off the mill rate right across the province and he is not alone in this idea. He said there are five resolutions being presented to the convention calling for this, some also suggesting sales tax and surcharge on income tax, and some a grants system.

"There's no point playing around with a grants system," Mr. Gibbon said. "It doesn't do the job."

The association will also be asked by St. Albert to change the length of the annual meeting with a view to providing more time for the discussions of resolutions.

New opportunity room approved for Paul Kane

St. Albert Protestant Separate School Board has set up a second opportunity room in the system.

Dr. J. W. Chalmers, superintendent, had suggested the setting up of the opportunity room at a recent meeting, stating that it was needed as the present room at Paul Kane High School was filled to capacity and was causing a heavy workload for one teacher.

The new room has been set up in George Simpson Junior High School with Mrs. Pamela Bruce as teacher.

Trustee W. Penrose reported on salary negotiations for 1968-69. Progress has been favorable on every point to date, but discussions have not got to the grid yet.

At the meeting, the board

was shown slides by Mr. and Mrs. J. Bauman and Mrs. Dorothy Lien of their trip to Quebec and also of the Nova Scotia students' visit to St. Albert, all under the Young Voyageurs exchange program.

At an earlier meeting the board:

* Set its meeting dates for the future, the first Monday of each month being for committee, the second Wednesday for business and the fourth Wednesday for education.

* Authorized the attendance of three trustees, the superintendent and the secretary treasurer at the fall convention of the Alberta School Trustees Association in Calgary Nov. 3 to 6.

* Authorized the attendance of one trustee and one

St. Albert

Recreation News

FIGURE SKATING

The figure-skating season will soon be here and Mrs. Chiesa will once again be the instructor. Last year the figure skating club had a very successful year, culminating in the wonderful Ice Carnival held at Braeside rink. Pre registrations for this year will be taken by phoning the department of Parks and Recreation.

BOYS' SOCCER

The semi-finals of the St. Albert Atom League were held last Saturday. Grosvenor Lions defeated Mission Saints 2-0 and the Legion Lancers won over Sturgeon Albion 2-1. These results brought Erick Jackson's Grosvenor Lions and Jim Drysdale's Legion Lancers to the finals which will be played next Saturday in Grosvenor Park at 10:30 a.m. These two teams of mighty Atoms will be contesting for the Hercules Challenge Cup which has been donated by Kay and Lloyd Hopkins - who must surely be Mr. and Mrs. Soccer of St. Albert. After the game there will be a presentation of this cup to the winners and the League Trophy, donated by Mr. Jim Byrne of Grandin Shoppers Park, will be presented to Mr. Bill Wood's team, Grandin Rangers. Remember the big game: Saturday at 10:30 a.m.

MEN'S SOCCER

On Sunday the St. Albert team will be playing a friendly game at Paul Kane against a team from the University. Game time is 2 p.m. There is a possibility that

administrator at the school design workshop which will be held at the Northern Alberta Jubilee Auditorium on Oct. 23 and 24.

* Approved in principle a suggestion by the department of education that a caretaking school be held at the Northern Alberta Institute of Technology, informing the department that the board would be willing to sponsor one candidate.

* Approved adult education being carried on in English 30, social studies 30, mathematics 20A, and typing 10 and 20, with a minimum number of students set at nine.

our local team will be joining the Edmonton District (Indoor) Soccer League which plays throughout the winter at the Kinsmen Field House. Training will continue therefore every Friday evening in Sir George Simpson Junior High School from 7:30 - 9:30 p.m. Anyone interested is welcome at these training sessions.

CRAFT GUILD CLASSES

There are a few openings in the Children's Puppetry and Marionettes class which is held in the Arts Centre on Wednesday evenings from 6-7:30 p.m. This is a fascinating hobby for children with all kinds of exciting possibilities. Puppets are made out of materials such as sticks and paper mache. Puppet theatres are constructed with the children even writing their own plays. The teen ceramics class on Wednesday evening at 7 p.m. and the Wednesday morning adult ceramics class have also a few openings. For information, phone the department.

The Craft Guild and the Art 67 Painting Club is sponsoring an adult and teen painting class in oil paint polymers to be held for ten weeks on Tuesdays from 8-10 p.m., commencing Oct. 15 in the new Arts Centre. The instructor is Mr. W. Rohrlack. Fees are teens \$5.00 adults, \$7.50 plus \$1. membership fee in the Craft Guild. Register and pick up your supply list on Thursday and Friday, October 10 and 11th from 6-9 p.m., at 30 Grenfell Avenue. For further information call Mr. Rohrlack at 599-6982 in the evenings only.

CRAFT GUILD PROGRAMS

Dressmaking and millinery classes will be conducted in both the Grandin and Sturgeon area this fall. The classes will cover a 10-week period starting at the beginning of October.

The beginners dressmaking class will be held in the Arts Centre on Tuesday mornings from 9:30-11:30 a.m., and will be taught by Mrs. Lois Folins, a home economics teacher. An evening beginners class is scheduled for the Grandin area on Tuesday evenings from 8 - 10 p.m.

An advanced dressmaking class will again be conducted by Mrs. Ann-Lise Larsen. This class will be held in the Grandin area on Monday evenings from 8 - 10 p.m. Millinery classes will be held in the Arts Centre this year and the instructor will be Mrs. Lydia Tennant whose beautiful centennial hats will be remembered by all who took part in the 1967 celebrations. These

classes will be held on Tuesdays from 1:30 - 3:30 p.m.

Do you want to learn how to play bridge - or improve your present game? Then join one of the bridge classes which will be held at the Arts Centre. There will be individual teaching in an 8-member class to be held on Wednesday afternoons from 1:30 - 3:30 p.m. This class for beginners will be conducted by Mrs. Lorette St. Arnaud.

TROPHY WINNERS: Winners of trophies in the under-18 grouping in the junior tennis tournament Sunday were (standing left to right) Greg Dobbie, Doug Kane and Bert Lensink; and Stella Creurer and Bernice Parsons.

Junior tennis event last of the season

The Junior Tennis Tournament which was held from 11 to 6 on Sunday attracted 24 energetic players and marked the final event of a very successful tennis season.

Bernice Parsons was a triple trophy winner in the under 18 age group. Bernice won the Safeway Trophy for girls singles, defeating her sister Roberta 6-3 in the final. Bernice then teamed with Stella Creurer to win the girls doubles over Roberta Parsons and Moira McLoughlin. Bernice's third trophy came in the mixed doubles when she teamed with Greg Dobbie to defeat Roberta Parsons and Bert Lensink in the final 6-2.

A double winner in the under 18 age category was

Doug Kane, who won the Club Trophy for boys singles defeating Greg Dobbie in the final. Doug then teamed with Bert Lensink to win the boys doubles.

In the under 14 age group Dave Almond was a triple winner defeating Tom Gates in the singles final and then teaming with Tom to win the boys doubles final over Miles Pratt and Peter Stanley.

Dave teamed with Sheila Dalphond to win the mixed doubles defeating Mike McLoughlin and Allana Aloisio in the final.

Sheila Dalphond became a double winner by winning the girls doubles with Kathy Voyer over Eva Kaminski and Allana Aloisio.

John Bryan wins bicycle marathon

John Bryan of Edmonton lapped the field of eight to win a 37-mile bicycle race in St. Albert on Sunday afternoon.

Bryan posted a winning time of one hour and 43 minutes in the race originally billed as 50 miles but which was cut back when only eight riders entered.

Karl Schneider of Edmonton finished second and

Around Town

Mrs. L. Phillips of the St. Albert Y reports eight teenagers have responded to her plea for swimming instructors. Your help is very much appreciated, gang! Now, is there a piano player in the house? Mrs. Walker has again volunteered to play for the Swedish Gym classes, but an additional pianist is required to relieve her occasionally. Sheet music will be provided. Please phone Mrs. Phillips at 599-6445.

The St. Albert United Church women are finalizing arrangements for their Fall Tea and Bazaar which this year will be held Nov. 2 at the Church Hall from 2 - 5 p.m.

Peter Anderson of Red Deer was third.

Tom McKeever won a bicycle for his efforts in topping a field of 18 in the race for boys in Grades 5 to 9. Don Luses was second and Roger Meunier was third. All the boys are from St. Albert.

Bill's Radio and TV was the major sponsor of the senior event and Pete's Cycles sponsored the boys' event.

Race organizer Peter McCaffery said a two-day race is being planned for next May. There would be a Saturday race on a course in Sturgeon Heights, time trials Sunday morning and a race in Grandin Sunday afternoon.

He said the race should draw entries from most of the western provinces and several western states.

Banquet winds up baseball season

More than 125 young baseball players and their fathers attended the first annual windup banquet of St. Albert's two Little Canadian Baseball League's at the Club Mocombo Sunday afternoon.

It was an afternoon which saw Ralph Warrington, a long-time backer of minor baseball and hockey in Edmonton, and Ron Hayter, commissioner of Little Canadian Baseball for Alberta, pay tribute to the coaches for the lengthy hours spent on the diamonds with the boys.

Rock Holman, president of the Little Canadian organization in St. Albert which is sponsored by the Lions Club with the assistance of the Knights of Columbus, outlined the progress of the first season.

* More than 175 boys registered for baseball;

* Two teams entered in provincial playoffs;

* One team entered in a tournament at Breton.

The Pirates, coached by Doug Millroy, won the Knights of Columbus League championship and received crests at the banquet from George Lee of the KC's. Pirates also received the Belmont trophy as St. Albert champions, although they never took to the field to earn it. Angels, coached by Armand LaCoursiere, won the Lions League but were unable to field a team for the playoff between the two leagues.

Members of the Pirates were: Stephen Hoffart, Gerald Langevin, Mike McNeely, Tim O'Neill, Colin Melan, Hans Commandeur, Dale Reinbolt, Sandy Millroy, Brian Benton, Greg Pudlowski, Chris Hoffart, Dick Commandeur, Stephen Lister, Ross Melan and Blake Millroy.

Members of the Angels were: Chris Krupa, Terry Kleser, Garry Banderivich, Billy Hole, Jim Hole, Jack Bendera, Roger Meunier, Larry Kozachuk, Brian Bedell, Henry Roy, Blaine Jones, Cyril Binette, James Brenner, Blair Wiggins, and Robb Ford.

CJCA sports announcer Bryan Hall was master of ceremonies.

ASAA Activities

Another first is soon to be added to the endeavours of the Alberta Schools' Athletic Association.

On Oct. 19, the top cross country runners from all of Alberta will meet in Red Deer for the First Annual Cross-Country Championship.

Athletes from the north central zone will assemble at Drayton Valley on Oct. 12 to vie for zone honors. Tom Hutton, cross country chairman for the north central zone reports preparations are nearing completion.

Runners from Strathcona

County, Thorhild County, Barrhead County, Athabasca County, Lac Ste Anne County, Stony Plain County, Westlock Division, Bon Accord Schools and St. Albert Schools are expected to participate.

The first Zone cross-country competition was held in Westlock in 1963. For the past three years the competition has been held in Athabasca. The runners from Athabasca County have won the Associate Medical Clinic Trophy each year since the inception of the competition.

Kinsmen news

Sunday morning Oct. 6, saw eight members of the St. Albert Kinsmen Club heading for a Kinsmen Zone meeting at Westlock.

There are six Kinsmen Clubs in this Zone, Edmonton, St. Albert, Westlock, Barrhead, Athabasca and Ft. McMurray. Thirty five Kinsmen enjoyed a lively, but somewhat short meeting, chaired by Deputy District Governor Rod Erickson from the St. Albert Kinsmen Club.

Each Kinsmen Club president gave a report on his respective club activities, such as membership, fund raising projects and community service.

The regular meeting of the St. Albert Kinsmen Club was held on Monday Oct. 7 at the Club Mocombo. As this was "Bring a Buddy" night, nine guests and hopefully, prospective Kinsmen were introduced and entertained by Kinsmen members.

All members and guests enjoyed an excellent talk by president Bill Hite on Kinsmanship and what it means to be a Kinsmen.

Deputy District Governor Rod Erickson was presented by past president Don Sinclair, with a plaque in honor of having brought in the most new members during the past year. Rod also won this award the previous year.

Well done Kin Rod.

The business meeting was followed by two excellent films on professional football and championship skiing.

Newcomers

Welcome to St. Albert Mr. and Mrs. Howard Pentland and family; Mr. and Mrs. Mel Bandravala and family; and Mr. and Mrs. Colin Butterfield of the Sturgeon Heights area.

Mr. and Mrs. Roy Nichol and family; Mr. and Mrs. Richard Storowotsky; and Mr. and Mrs. Jack Carlson and family of the Mission Park area.

Mr. and Mrs. Harry Du Russel and family of Braeside.

Johnston Library Chairman

Mrs. Dave Johnston was elected chairman of the St. Albert Public Library Board at a recent meeting. Charles W. Tennant was elected vice chairman.

Mr. Tennant will also be in charge of maintenance of the library building and equipment. Board member Mrs. Peter Hapchyn will be in charge of rental of the lecture room for meetings, etc.

Mrs. M. Lancaster will make inquiries into the matter of establishment of a

systematic raise in wage scale. The board set the hourly rate for assistant librarians at \$2. an hour, effective Jan. 1.

Mrs. Lancaster will also look into the matter of sick leave for employees, and report to the next meeting.

The St. Albert Chapter of the Alberta Association of Registered Nurses presented the library with a copy of a book on the history of nursing in Alberta.

Houle - Gravelle Wedding

St. Albert Roman Catholic Church was the scene of an attractive wedding Sept. 14 at which Rev. C. Levangle united Leo Walter Houle and Joanne Marie Gravelle.

The bride, given away by her father, wore a white floor length fitted gown of crepe radiance, with pill box hat and bouffant trailing veil. She carried a bouquet of white roses, stephanotis and

ivy.

The maid of honor, Dilys Cassidy and bridesmaids Yvonne Houle and Elaine Gravelle wore identical fitted gowns of tangerine crepe radiance with bouffant dress length veils. They carried bouquets of shasta daisies. Guy Hebert, Marcel Gravelle and Albert Hebert attended the groom.

During the ceremony, Mr. Paul Ares sang 'Our Father' and while the young couple signed the register Mr. Ares sang the 'Ave Maria', with Mrs. Andrew Kennedy as the organist. Ushering the guests were Richard Demers and Raymond Houle.

After the wedding ceremony, guests were greeted at the Club Mocombo where Mr. Emilie Ethier, uncle of the bride, was master of ceremonies. Mr. Ethier also toasted the bride and read many telegrams from the United States, Australia, British Columbia and Saskatchewan, congratulating the young couple.

Out of town guests were, Mr. and Mrs. Walter Houle, grandparents of the groom, of Prince Albert, Mr. and Mrs. Ovide Houle, Saskatoon Mr. and Mrs. Guy Mathieu, Summerland, B.C.

Guy Hebert proposed a toast to the bridesmaids, Marcel Gravelle to the parents. The groom replied by thanking the guests for making this day a memorable one. An evening of dancing to the music of the Combettes was enjoyed by some 300 guests.

For her daughter's wedding, Mrs. Gravelle wore a turquoise dress and jacket with hat to match, with yellow orchid corsage. Mrs. Houle chose a yellow embossed two piece dress and coat with a hat of net, also a yellow orchid corsage. As going away outfit the bride chose an ensemble of apple green coat and dress with tan accessories.

The groom is the son of Mr. and Mrs. Bruno Houle, the bride the daughter of Mr. and Mrs. Maurice Gravelle, all of St. Albert. After a honeymoon to the west coast the couple will reside in Edmonton.

Lema - Vollmer Wedding

On Sept. 21 a double ring ceremony was held in St. Albert Roman Catholic Church with Rev. Father C. Levangle officiating. Miss Frances Vollmer, daughter of Mr. and Mrs. Henry Vollmer of St. Albert exchanged marriage vows with Mr. Harold Lema, son of Mr. and Mrs. Harry Lema of Villeneuve.

Given in marriage by her father, the bride chose a gown of peau d'elegance with lace bodice and sleeves featuring an A-line skirt with empire waist and lily point sleeves. Her shoulder length bouffant net veil was held in place by three white roses. Her bridal bouquet was a cascade of pink roses with white satin streamers.

The bride was attended by her sister Miss Karen Vollmer and Miss Patricia Lema sister of the groom. They wore identical gowns of deep rose peau d'elegance with A-line skirt and empire waistline. Their headpieces were a single white rose with a wisp of netting. They carried bouquets of white camellias.

The flower girls were Misses Debra and Delores Hesse, nieces of the bride. They wore identical frocks of pink peau d'elegance with white lace bodice. Their headpieces were a single white rose with a wisp of netting. They carried baskets of white camellias.

The groom was attended by his brother, Phillip Lema and Roger Berube, friend of the groom. Ushers were Mr. Vernon Ricard, cousin of the groom, and Mr. Gerald Hesse, brother-in-law of the bride.

For her daughter's wedding, Mrs. Vollmer chose a cherry red dress with a jacket. She wore a feather hat to match and black accessories.

Mrs. Lema mother of the groom, wore a fuschia suit with matching hat and black accessories. Both mothers wore white rose corsages to compliment their ensemble.

A banquet was held for some 170 guests at the Morinville Centre.

The master of ceremonies was Mr. Robert Rose, uncle of the bride, and the toast to the bride was proposed by Mr. Phillip Lema. In the evening, a wedding dance was attended by many relatives and friends.

For their honeymoon trip to Banff, the bride chose an

olive green suit with orange and black accessories complimented by an orange rose corsage.

Mr. and Mrs. Harold Lema will make their home in Edmonton.

Crowd enjoys tennis dance

Almost 200 people attended the Annual Tennis Club dance one evening recently in the Club Mocombo and the event was a most enjoyable opening to the social season.

During the evening the Brower Shield was presented to the winning team from Garneau Club by Max Osztovits, inter-club chairman for Edmonton and District Lawn Tennis Association, and visiting members from the other clubs were introduced.

A hot smorgasbord at midnight brought the evening to a close and everyone present agreed it was the best ever.

Buy into Canada.

There are probably as many good reasons for buying Canada Savings Bonds as there are Canadians. There are the hopes, plans and ambitions you have for yourself and your family. There is the desire, which all of us share, to play a part in building the future of our country. The simple, safe, profitable way to help realize these goals is to buy Canada Savings Bonds.

They offer an excellent return. The average yield to maturity is 6.75% a year. There are fourteen annual interest coupons which begin at 5.75% and rise to 7.00% for each of the last nine years. These can be cashed each year as they become due. Better still, if you choose to keep these coupons uncashed, you can earn interest on your interest. Take full advantage of

this option and, when your Bonds mature, your total interest earnings plus your original investment will amount to \$250 for each \$100 invested.

They are available to everyone. Canada Savings Bonds are available to every Canadian resident in amounts from \$50 up to \$50,000, for cash or on instalments, wherever you work, bank or invest. Adults, children, businesses and institutions—all may buy them.

They are instant cash. You can cash them any time at any bank in Canada at their full face value plus earned interest.

Few investments are so profitable. None builds more surely for the future. Buy into Canada today. Buy Canada Savings Bonds. It pays.

It pays.

Visitors at the Open House held at the St. Albert Arts Centre admire some of the work done by students of the Arts and Crafts division. Gazette Photo.

40 hear candidates CONTINUED FROM PAGE ONE

of Edmonton (60), Mr. de Bruijn said this difference could be directly accounted for by utility profits in Edmonton amounting to 18 mills.

Of the 78 mills, 21 go to education, Mr. de Bruijn said. He termed the foundation program "not adequate".

Mr. de Bruijn said he, too, would abide with the decision of the electorate re amalgamation. He said he would favor some form of regional government as is presently being investigated by the Ontario government.

Robert Russell said he does not think "Edmonton would want to take us in," and therefore did not dwell on the subject of amalgamation.

He cited as the main issue in this election "high taxes." The ideal tax base, said Mr. Russell, is 40% commercial and 60% residential. In St. Albert 93% of the tax monies come from the homeowners pocket.

There are large areas of town land undeveloped said Mr. Russell, commenting that it could be more to our advantage to allow orderly development of smaller firms as they are interested in locating here, rather than hold a large area for "Mr. Big" who might be along time coming.

The town must be "more approachable," he added and charged that developers are being "frustrated" by the present administration.

He criticized the administration for being slow in getting the Industrial Development Committee going.

Mr. Russell said the town must review its policy re. sale of town owned land and must improve its image.

During the question period which followed the candidates opening remarks, Mr. Bull was asked his reasons for resigning his council seat and would he resign again. Mr. Bull replied he withdrew to point out to the people that council was spending public money foolishly. He said if he were elected mayor he would not resign his seat and replied to a further question that the by-election caused by his resignation probably

cost between \$1,200. and \$1,500. Mr. Gibbon interjected that the cost had been "closer to \$2,000."

Mr. Bull said the past three years of town government have been the closest thing to fascism that could happen under democracy, and renewed his pledge to adopt an "open door" policy at town hall.

Asked how council had spent money unwisely, Mr. Bull cited the following examples: \$15,000. for a feasibility study to take over the Power Company; \$3,000 for a study on amalgamation; \$5,000 for plans for an ice arena.

Asked to explain his previous statement that hundreds of thousands of dollars were being wasted, Mr. Bull singled out the large sewer lines in Grandin Park that have no houses hooked on to them and said that town equipment, such as graders, should be made much fuller use of.

Asked to comment on a recent sale of town owned lots to speculators, Mr. de Bruijn admitted a mistake was made. "The sale of lots was badly handled," he said.

At one point when the questions came thick and fast, and chairman Peter Zuidema had to call for order, Mr. Bull, replying to a question from Councillor J. Bakker, told Mr. Bakker he was a "member of the clique."

Asked how much time he would be able to devote to the office of mayor, Mr. Gibbon replied he would "adjust his business time to suit the town's time." Mr. Bull replied he would be more readily available than the other mayoralty candidate, as his business is located in the town.

Several members of the audience stated that they had become aware of items of business that were before council by reading about them in the Gazette. The suggestion was made that the council agenda be published in the Gazette prior to each council meeting, so that citizens might attend those meetings at which items of special interest to

them are to be discussed. Mr. Gibbon said this would not be possible as the agenda is not completed until Thursdays, and the Gazette comes out on Wednesdays.

Mr. de Bruijn, referring to public question periods which some years ago preceeded all council meetings, said there was a definite lack of interest shown by the public. The question was then asked if perhaps council forces this lack of interest because no material is circulated to the gallery at council meetings. Mr. de Bruijn replied maybe this was "poor public relations" and added council would "accept guidance in this area." Robert Russell commented he would ask the mayor to "spell out" items on the agenda to accommodate the public.

"Is our M.L.A. with it?" someone asked. "Yes," said John de Bruijn, he is doing his best, and pointed out that provincial financial assistance to St. Albert is greater than that received by Edmonton.

To the suggestion that the town is "persecuting and prosecuting" Jasper Auto Parts, Mr. Gibbon said he feels the town was justified in its recent action which resulted in a \$50. fine to that company. Mr. de Bruijn added there had been a certain amount of public pressure on the town to take action.

A member of the audience said he had read in the Gazette that two recently defeated bylaws are to be re-introduced, and asked for comments on this. Mr. Gibbon noted he had moved re-introduction of both these bylaws. Mr. de Bruijn said he felt that once a bylaw was defeated there should be a waiting period before re-introduction. He termed Mr. Gibbon's action "not good business." Mr. Russell stated that only then is it justifiable to re-introduce a previously defeated bylaw when there is new evidence before the council.

10:10 p.m. - Chairman Zuidema called an end to the question period. Coffee and donuts were served.

In the Lion's den

by E. J. Aanhout

SALUTE TO
LION THRONDSO

In this issue, we would like to tell you a little bit about the first Lion of the St. Albert Club this year, President Ron Thronson of 42 Swallow Crescent, St. Albert. He is presently principal of the Sir Alexander MacKenzie School and has been for the past four years. Previously, he came from Wildwood, Alberta where he

was principal for three years and vice principal for one year at New Sarepta. Although Rod is still in his early thirties, he has devoted much time to community work. Rod started teaching in the Camrose area where he was a Kinsman, the exalted ruler and President of the Elks and was among those responsible for starting the Chamber of Commerce. He belonged to the Toastmaster's Club and was secretary of the C.N.R. Committee in Camrose. In St. Albert, Rod as a Lion has been involved in the Parks Committee, Air Cadets and the Ways and Means Committee. He served as chairman of the Peace Essay Committee and has also chaired the Educational Committee.

Rod obtained his Bachelor of Education degree at the University of Alberta and also holds a diploma in Education Administration. He has taught for fifteen years.

Rod, his wife Betty and two lovely children, (ages 3 1/2 and 6) make a happy family. Betty is a member of the Lady Lions in St. Albert and this year, of course, she is supporting her husband in the chair which will take much of her time. The club wishes Rod and Betty a wonderful year and one that Rod will look back on this year with satisfaction. I am impressed with

Girl Talk

by Hennie Stibbe
of the Gazette.

While riding the bus into the city the other day I overheard part of a conversation between the two young women behind me. One was telling her friend about the changes taking place in her home right now what with her husband having enrolled at the U of A as a full time day student and she pitching in and taking a job to support the family. This energetic young mother plans to work night shifts, sleeping days when her children are at school.

There must be several families doing this very same thing. I think they're a determined lot and greatly admire them for setting such high goals for themselves. It must be an extremely difficult decision for a woman to agree to become the family's breadwinner while hubby returns to the lecture rooms.

Budgets have to be cut, the children will be required to assist with household chores and the old comfortable routine is drastically changed. All this, by choice.

Be honest, could or would you take on the role of sole supporter of your family, unless you were absolutely forced to, through sickness or death?

Would you give up your days of putting in the yard when the weather is fine or the afternoon TV movies when it's not? Do without coffee or bridge with the girls, your 18 holes of golf or hitting the stores when the sales are on?

To be sure, there are lots of working wives who help out with a second pay cheque so their families may enjoy some of life's 'extras'. And these gals have no time for leisure activities either. But most of them could quit their jobs tomorrow without it causing much of a hardship to their families.

However, putting hubby through university and keeping a home going is a different kettle of fish. These students' wives are committed. Their husbands' success depends for a large part on their stamina and financial and moral support.

If you know of a family going through this and you admire their efforts, let them know. A word of encouragement will be appreciated, I'm sure.

the job that he has done so far as President of our Club.

WEDNESDAY, OCTOBER 9, 1968

Sturgeon Council

Messrs. L. Miller and Bailley, council members of the MD of Stony Plain, attended the meeting in relation to the proposed construction of a bridge on Dog Creek Road south of Villeneuve to 118 Avenue.

They informed council that pursuant to their engineer's recommendation the bridge should be constructed straight through on the original road allowance and that the road north to Villeneuve be constructed through Mr. Verstraete's property. This would avoid the curves in the road and make a better road eliminating traffic hazards.

They had contacted Mr.

Verstraete and contrary to their understanding, he informed them that he was definitely opposed to a proposed road cutting through his property.

The road will now detour around Mr. Verstraete's property and the bridge will be aligned accordingly.

Henry Wieb of the Consolidated Concrete Limited interviewed council in regard to maintenance (motor grading, graveling and oiling) of the Villeneuve road to highway #2. He informed council that his company had sent a letter to this office accepting all of the conditions outlined in the municipal letter of June 25, 1968.

He stated that his company would prefer if the municipality were to conduct all dust control measures on the road and his company be responsible for the costs incurred. He informed the members that his company was prepared to pay the cost of regravelling this road this fall and later have it oiled for dust control.

Council assured Mr. Wieb that the road in question would be regavelled and oiled as soon as possible this fall.

Ed Thimer attended the meeting in relation to a bill that he had submitted to council last spring for road work and had been refused payment. He informed council that he had worked on municipal roads on several occasions and had never requested payment.

He stated that on this occasion he had been authorized by the councillor of the area concerned and the work amounted to \$400. He requested council reconsider payment.

Members of council stated that they were unaware that such work had been authorized by the councillor. It was agreed by council that Mr. Thimer and Councillor Walker discuss the matter between themselves and arrive at some agreement re. payment.

James A. Mickelsen attended the meeting and offered to purchase at \$20. per lot all the municipally owned lots in Blocks G, E, A and C in Plan 4010S Pittsburg Subdivision at Cardiff.

Council countered with a sale price of \$25. an acre.

Council authorized the superintendent of public works to erect a no-parking and no-exit sign on the service road west of highway 28 adjacent to Mrs. Pearce's property.

Council gave authorization to all members and the secretary treasurer to attend the annual convention of the Association of Municipalities and counties in Calgary, Nov. 19 to 22. Council also authorized payment to delegates of \$25. per diem plus \$25. per day for expenses.

Municipal District of Sturgeon, No. 90

NOTICE OF RATEPAYERS

Applications for the Home Owners' Tax Discount for the year 1966 must be made prior to December 31, 1968. Taxes for the year 1966 must be paid in order to receive this discount.

Alphonse Nobert,
Secretary Treasurer.

County council handles correspondence

A letter from the secretary treasurer of the Village of Legal was read to council requesting the municipality to take up the matter of completing the reservoir this fall with Mr. Rice of P.F.R.A. Council appointed councillors Walker and Van de Walle a committee with authority to contact Mr. Rice and have said project completed this fall.

A letter from Mr. R. C. Egglestone, area superintendent of Sun Oil Company requested payment on damages caused to flowline on the Berube Yeske Drainage project. Council do not authorize payment for repairs to damaged line as said claim is being handled through the municipality's insurance company and adjusters.

A letter from Mr. Charles Cote, P. Engineer, of Unity Building Enterprises Ltd., was read, requesting that council assure E. Caron that he would have unobstructed usage of 156 Street from his property south to 125 Ave., along 156 Street at all times (subject to provincial traffic restrictions but not subject to load restrictions due to climatic conditions) so as to guarantee continuation in his operations.

The secretary treasurer was instructed to inform Mr. Cote that it is impractical for council to give assurance of unobstructed usage of the road above mentioned for

reason of climatic conditions. He is to be informed that this municipality has not imposed road bans for the last five years. The road in question is in the planning stage for reconstruction in the near future.

Council refused to authorize payment of an invoice received from Johnny's Store at Namao for the reason the travelling in front of his store was not authorized by council nor the councillor of the area concerned.

Council authorized the secretary-treasurer to negotiate with P. Cote regarding renewing the lease for the use of the nuisance grounds at Cardiff and to make an attempt to purchase the area from him.

Council voted to award Shirley Clark, 20, of Namao \$50. in recognition of her winning of the title of Canadian Dairy Princess.

Council announced it intends to lease Park Reserve in the Sturgeon Crest subdivision for \$1. a year to Ed Chatters for pasture. Anyone objecting to the leasing of this land must submit their objections in writing to the county office.

Councillor Flynn told council he had inspected the area and suggested that the leasing would be a good thing as it would help control weeds and grass, thus eliminating a grass-fire hazard.

Payment of a \$50 bill from Tremblay's Garage for towing services was ordered withheld and the secretary treasurer instructed to obtain more details from the firm regarding rates per mile or hours for such services.

Council authorized the secretary treasurer to finalize an agreement with May Theatre Ltd., for the acquisition of land for road purposes.

Council authorized purchase of a new model Road King Sloper, complete with all standard equipment and a hydraulic bar, at a price of \$4,770.

Council agreed to lease office space it does not require at present to the RCMP detachment for administrative purposes.

Council agreed to adopt the 1968 assessment as shown on the roll for 1969 purposes.

Council authorized the purchase of 1.06 acres of land from John Shaw Jr. at a cost of \$291.50. The land was required for road widening.

Council agreed to the sale of lot 6, block 2, plan 3114 m.c. Villeneuve, pursuant to the provision of the Tax Recovery Act, to Edward Horn of Calahoo for \$1500.

R. J. Bunnage, newly appointed district agriculturist for the municipality, attended the meeting and received council's assurance of its complete co-operation.

Reception honours teachers

The Sturgeon Local of the Alberta Teachers Association held a President's Reception September 21 at the Kingsway Motor Hotel in Edmonton, when guests included Keith Everitt, MLA, Mr. John McDonnell, vice chairman of the Sturgeon School Division and Mrs. McDonnell; Mr. Leon Riopel, chairman of the Thibault School Board; Mr. Roger Prefontaine, chairman of the Legal School Board; Hugh Rigney, President of the Sturgeon Local; other members of the Executive Committee of the Sturgeon Local and representatives of the press.

Public Relations officer for the local, Mr. Jeet Khullar, acted as host for the occasion and introduced the new president of the local, Mr. Hugh Rigney, and other members of the executive. The reception provided a

informal occasion for representatives of the school boards, province, teachers and press to get together for a pleasant social meeting at the start of a new school year.

TO HONOUR NEW TEACHERS

Next week Sturgeon Local is holding a special reception for the new teachers. All teachers joining the local will be honoured at a banquet at the Kingsway Motor Hotel on Saturday, Oct. 5. Mr. Jack McFetridge, Information Officer of the ATA will be the guest speaker.

Teachers starting in Alberta for the first time will be inducted into the profession at a special Induction Ceremony to be held at Barnett House, head office of the ATA, on the afternoon of October 5.

Denise Morin showered

Denise Morin was feted Sunday afternoon at a miscellaneous shower at the community centre with some 135 friends and relatives attending.

Seated at the head table in a novelty decorated chair with colored streamers and balloons was the charming guest of honor accompanied by her mother, Mrs. R. Morin, Mrs. Paul Hogue from Morinville, mother of the future

groom.

A number of games were played which were enjoyed by all.

Special thanks were extended to the hostesses, Marie Clouthier, Carmon Venhouten and Helene Hogue for organizing such a beautiful shower.

Denise will become the bride of Michel Hogue on Oct. 26 in St. Emile Church in Legal.

Coming Events

OCT. 14 - The annual Turkey Supper, sponsored by the Ladies Community Club will be held Thanksgiving Monday, from 5 to 8 p.m., at the Bon Accord Community Centre hall. (Farmers working in the fields are welcome to come "as you are, grain, dust and all!")

Namoo

The Namoo Buttons and Bows Clothing Club held its second meeting of the year at the home of Mrs. Barbara Horricks on Sept. 16.

As a community project the club decided to serve at the Namoo Turkey supper on Oct. 19. Recreation was led by Bonnie Gray.

The Namoo Teen Club held its reorganizational meeting Sept. 30. New officers are: president, Bob Cameron; vice president, Brian Hodgins; secretary, Pat Ash; treasurer, Marlene Ash; social committee, John Gibson, Steve Samis, Rhonda McMillan and Marsha Le-Clair.

The Namoo 4-H Garden Club major award was omitted when the other awards were announced in the paper some weeks ago. The award was that of efficiency winner for last year which went to Miss Judy Crozier and was generously donated by the Sunnyside Ladies Club.

A meeting of the Namoo Haplette Club was held at the home of Mrs. Bob McNeilly on Tuesday, Sept. 24 with approximately 20 members present. Mrs. Ada Cowan gave an interesting showing of the different kinds of pottery which she has made.

Camilla School back from Mexico

The students of Camilla School have already finished their cross-country run to Mexico and back, a distance of 4,920 miles in only two weeks.

There were over 200 students participating from grades 5 - 9. Some Grade 5

runners who did exceptionally well were: Ruby Khullar, Bernice McGillis and Coreen Perrot, each with 12 miles; Jan Byer, 15 miles; Wayne Meakin, 14 miles; Kevin Tomten, 11 miles.

The runners with the most miles from Grade 6 were: Jean McGillis, 15 and Allan Borle, Connie Iseke, and Wayne Burstick, each with 14.

In Grade 7B, Diane Falls and Zoff Berewiecki ran 13 miles, Louis Kerchof, 21, Gordon Byer, 19, Faye Bremels and Gail Hermann, 13, Darrell Sheehan, 25, Roland Majeau, 24, Peter Dhoedt, 23, and Chris Kluthe 22.

In Grade 8A the top runners of the girls were Linda McGillis and Barbara Kluthe each with 20 1/2 miles and of the boys; Walter Cust, 17 miles and Rene Paul 11 miles.

Lorna McGillis from Grade 8B ran 20 1/2 and Wendy Kueffler went 20 miles. The top runners of the boys from 8B were Gordon Kleser

10 miles, and Eddie Dhoedt with 9 miles.

Grade 9 top runners were Margo Link and Janet McGillis each with 11 miles and Harold Kluthe and Morris Kueffler each with 12 miles.

The best runners of the Remedial 1 room with Rodney Kennett, 13 miles, George Areand, 12, and Clarence Sim, 11. Harvey Kiefenbeld and Edward Paquette from the Remedial 2 room each made 16 miles. Lester Cox also from the Remedial room 2 made 15 miles. During the week 1,856 miles were made - 903 of them by girls and 953 by boys. Camilla wishes to participate in a cross-country meet in Drayton Valley on Oct. 19.

Resettlement of the South Atlantic Isle of Tristan da Cunha in 1963, 18 months after a volcanic eruption forced the evacuation of the 264 inhabitants, was financed by the sale of postage stamps commemorating the return of the exiles.

Villeneuve 4-H Club is back in action

by June Borle

It had an excitement similar to the first day of school when the 16 girls of Villeneuve area gathered at the home of Mrs. A. Borle on Sept. 25 to reorganize the Villeneuve 4-H Clothing Club.

The new executive was elected as follows: president, Simonne Borle; vice president, Valerie Durocher, secretary, Elaine Soetaert; treasurer, Dianne Sheehan; reporter, June Borle; council representative, Mary Borle.

Committee members are Gisele Martel, Louise Belanger, Pauline Belanger, Dale Majeau, Jocelyne Berube, Debra Kremer and Colleen Sheehan.

Committee leaders are - Connie Savole and Jocelyne

Durocher.

Club leader is Mrs. Andre Borle and assistant leader is Mrs. Aurele Durocher. Adult committee leaders are Mrs. Ed. Savole, Mrs. Emile Soetaert and Mrs. Pat Sheehan.

Elaine Soetaert was chosen to represent the Villeneuve Clothing Club at Club Week at Vermilion this year. Elaine is very enthusiastic about this experience and urges other members to strive for this privilege.

Mary Borle attended Leadership Camp at Goldeye during the month of August. This week long Seminar is sponsored jointly by the Edmonton Journal and the Calgary Herald. Of the 70 young people in attendance three were awarded the privilege of returning next year. Mary was one of the three lucky members selected to return.

Mary also spent a week at Farm Youth Camp sponsored by the Exhibition Association in conjunction with the Department of Youth and the Department of Agriculture. Both of these afford tremendous experience for our young people.

Lionel Durocher and Mary Borle were hosts to two young voyageurs from Nova Scotia. Lionel and Mary had previously been guests as young Voyageurs in homes in Quebec. They were members of a group of 24 who travelled to Quebec from the St. Albert High Schools.

Thibault Candidates Express Their Views

LEON RIOPELE

have never found any worthwhile reason for doing so. We would lose control of our schools and the principles our district have stood for since 1891. We would lose control of hiring our teachers and thereby lose our Catholic atmosphere.

Financially we would gain nothing, since Sturgeon's taxes average 20% higher than ours.

4) Why did we hire our senior principal?

I have heard statements that this position is an additional expense. I can assure that this man is saving us much more than the amount of his salary. His value is, however, not in dollars and cents, but in the advice, knowledge, leadership and supervision he provides. Do not hesitate to bring your problems to him. You'll find him sympathetic, willing to help and qualified to give valuable advice.

5) Why buy the convent?

It was practically given to us as a gift and we could not afford to refuse to buy it, after hearing the Sisters terms. We are making good use of the space in it - it now contains eight classes. The rent alone will pay for it in a few years and the land is worth more than the purchase price.

Well, here are some of our problems. I believe these are also many of the issues in the forthcoming election. Although I had decided not to forward my name for nomination as school trustee, so many have since requested that I continue working on our school board, that I decided to reverse my decision. I think I am worthy of your confidence, I can assure you that when I am elected I shall continue to work for the improvement of our school to the best of my ability.

On Election Day GET OUT and VOTE -- the decisions are yours.

ANNE KRYSKOW

As a resident of the area since 1949 and of the town of Morinville since 1962 I trust that my decisions, public relations and active participation establishes my integrity and sincerity. As a member of the community and the mother of six children, I have four children in attendance at Thibault.

I have served three years on Thibault RCP Board and am at present vice chairman, press release officer and member of salary and personnel committees; also elected member of the Alberta Catholic School Trustees Association.

I assisted my husband in the operation of the Massey Ferguson Implement Agency for five years, where I gained a knowledge of business operations.

I am an elected member of parish council, elected member of recreational board, past president and member of the ladies curling club, past executive member of mother's local of Guides and Brownies; member of C.W.L.

We are all aware that students spend approximately one-third of their lives in a school environment, thus the duties of a trustee

ment with the latter. And this is precisely the case with respect to Sturgeon pupils attending Thibault.

A tuition agreement exists for pupils in grades 10 to 12 who are in attendance at Thibault but there is no agreement covering pupils in grades 1 to 8. Sturgeon board has rightfully taken the stand that it should not have to lose several thousands of dollars to another board when it is offering educational services of which these pupils in grades 1 to 8 can avail themselves.

Sturgeon board is continuing to provide transportation services for Sturgeon pupils in grades 10 to 12 who are in attendance at Thibault, but has curtailed providing it to students in grades 1 to 8 who are in attendance at Thibault.

Sturgeon has always, and I am sure, will always continue to provide transportation services either to their own schools or to those schools for which it has entered into a tuition agreement.

Thibault board has now set up three bus routes to transport pupils from the St.

are very challenging when it comes to: retention, recruitment, selection and placement of teacher personnel; assuring that student problems are thoroughly investigated, acted upon and yet treated in confidence, so as not to prejudice the student's future; provision of school plants, including safety and health regulations and recreational facilities.

All the above final decisions must be within a reasonable economical budget that the ratepayers can afford without sacrificing the education of the student population.

I am a ratepayer and as a ratepayer I do not relish paying high taxes anymore than anyone else.

One must realize that in this province, the school tax structure is such that over half of every Albertan's tax dollar, whether he is a resident of Edmonton or Morinville, is spent to cover the cost of education.

The trustee's responsibility is to see that we are not paying more than we should and also getting our dollar's worth.

At Thibault this year, the school mill rate really went up, however, including this increase you are still paying less than your neighboring ratepayers and the provincial ratepayer as a whole. At Thibault, we offer in addition to regular English Alberta curriculum, French language whether advanced or oral in most grades on an optional basis, religious instruction, also on an optional basis. However, this option lies with the parent as spelled out in the School Act.

On Oct. 16, you have a democratic right, that I urge you all to exercise. There are three vacancies to be filled on the school board this I also urge you to vote for the three candidates of your choice.

Charles and Cunningham attendance areas. Under existing regulations the Thibault board is not eligible to collect foundation grants for the operation of these buses. I would venture that the cost to the Morinville ratepayers for this operation is in the neighborhood of \$15,000.

Parent of Non-Resident Students has stated "... we in Sturgeon have been paying high unapproved costs and not receiving any extra educational benefits." I take it that he is not too informed in matters pertaining to educational services in Sturgeon. Sturgeon School Division has set up an excellent guidance program and has a full-time director to head up and co-ordinate the guidance and counselling services offered in all schools.

The library services in Sturgeon are among the best in the province. Library grants to schools have been increased, physical facilities enlarged and improved, and a number of teacher-librarians have been engaged and this very important area of educational services is moving forward in a well

GUY ST. GERMAINE

I know one of the issues in the election is the increase in school taxes. As a ratepayer in the town of Morinville, I find the idea of paying more taxes from year to year not very interesting. I also realize though that proper education in this rapidly advancing society is a costly proposition.

If I am elected to the school board I will carefully consider all facts related to increased costs of education before making any decisions.

We realize that education should last through life. That the education of children should not be a mere matter of grammar and of words, but should include some training of the hand and eye, in other words technical training. I believe in the past too much emphasis has been placed on academic training. In our highly technical and complex society, technical training is a necessity.

I am sure a fresh youthful approach to these problems, and others will result in new ideas and action in our school system.

On Oct. 16 your vote will decide who will represent you on your school board, vote and vote wisely for the three candidates of your choice.

planned and co-ordinated manner.

The Sturgeon School Board has entered into tuition agreements with other boards to provide specialized high school services, such as vocational education, pre-employment education, and education for the handicapped. Within the divisional schools special classrooms have been set up to give special help to those students who are having difficulties in the language-arts skills. Surely, Parent of Non-Resident Students is not aware of what has been taking place in Sturgeon.

In closing I would like to ask the residents of the town of Morinville if they truly wish to have their school benefit at the expense of the ratepayers of Sturgeon, I am sure this is not the case for you are constantly soliciting "our support" and dollars that are spent for hardware, groceries, fuel-gasoline, feeds, fertilizer, insurance, drugs, clothing, church, banking, community pro-

ROSE MARTEL

On Oct. 16 you will be given a choice of candidates to elect as your representatives on the Thibault School Board for the next three years. The issues in this campaign are very clear. Do we want to solve the problems that face the ratepayers of Morinville? or do we want to continue with a yearly increase in your taxes?

The fact is that the taxpayers of Morinville will face an increase in supplementary requisition from the Thibault School Board to find the money to pay back the \$10,000 deficit of last year's budget, plus the extra expenses that the school board has undertaken without guarantee of grants.

This will mean higher taxes for the home owners, and an increase in rentals in the town. The answer to the present Thibault school problems means a complete review of the present assets and expenses of the present Thibault school division. For the past three years, the expenses have risen sharply each year, besides the raise of teachers' salaries.

What has been done to cut expenses or increase revenues?

If you, the people of Morinville, support me at the polls, I will, with the support of the other members of board, begin negotiations to solve these present problems. This means co-operation with the town council, the members of the Sturgeon School Board. This means to restore the same confidence and the same sound economical administration that was possible in the past years.

The only goal that I wish to achieve as school trustee is to make sure that every child has the best education possible in Morinville, for each dollar that you, the taxpayers, are contributing to support the Morinville Thibault School.

Rhode Island, the Nation's smallest state in area, has three times the population of Alaska, the largest state, National Geographic says.

jects, our machinery buying, repairs. . .

Ratepayer of Sturgeon.

Letter to the Editor

TO THE RESIDENTS OF MORINVILLE,

In a letter to the editor which appeared in The Gazette of Oct. 2, Parent and Non-Resident Students has claimed that the attendance of non-resident pupils at Thibault School has had a beneficial effect, both financially and educationally, upon that school system.

I would like to take exception to some of the erroneous statements made concerning educational services in Sturgeon Division and at the same time point out how attendance of Sturgeon pupils at Thibault is placing an increased financial burden upon the ratepayers of Sturgeon.

Parent of non-resident students points out that the Thibault Board is receiving \$35,000 in foundation grants on behalf of the Sturgeon pupils in attendance at Thibault. While this does mean a financial gain to Thibault, at the same time it means a financial loss of \$35,000

to the Sturgeon Board.

The pupil-teacher ration at Cunningham and St. Charles Schools has decreased as a result of Sturgeon pupils attending Thibault. This lowering of the teacher-pupil ratio has the effect, as parent of non-resident students rightfully points out, of increasing educational costs. Perhaps this explains why the unapproved costs in Sturgeon are slightly higher than in Morinville.

Parent of Non-Resident Students has stated that "the foundation program covers the transportation of all students who reside more than 1 1/2 miles from school." This is an over-simplification of the foundation program regulations pertaining to transportation.

Present regulations do not provide a grant to one school authority on behalf of pupils from another school authority if the former has not entered into a tuition agree-

New pneumonia

"Which of the infectious diseases is responsible for the most deaths throughout the world?" Quite a few public health workers were caught out with this teaser which a Toronto professor introduced at a conference last spring.

Among the answers offered were gastroenteritis - (3,094,000), tuberculosis - (2,839,000), measles - (508,000), malaria (326,000) dysentery (202,000), and smallpox (172,000). All these occupied high positions on the list and were followed by a group of diseases not too common in this country, diphtheria, whooping cough, typhoid, syphilis, polio, meningitis, cholera, typhus, and plague. But first place goes to a familiar disease, pneumonia, responsible for six million of the seventeen million deaths in the world annually from communicable diseases. Of course when pneumonia kills, the victim is often suffering from another disease as well.

Pneumonia and bronchitis together cause 350,000,000 illnesses a year, overshadowed only by the common cold (3,500,000,000) and gastroenteritis (750,000,000). Bacteria, the pneumococcus especially, have in the past been thought mainly respon-

sible for causing pneumonia. But in the last twenty years new viruses, rickettsiae and fungi have been isolated which are responsible for many cases of pneumonia. Amongst these newer discoveries are exotically-named organisms and diseases such as parainfluenza, adenoviruses, Q-fever, psittacosis and Mycoplasma. The last three especially important since they run a prolonged course but if recognized in time can be effectively treated with appropriate antibiotics.

Mycoplasma infection is

at its peak in the fall. It spreads rapidly within a family, though only one in 30 infected develops pneumonia. It can affect all ages but 15-30 year-olds, especially men, are most susceptible. Psittacosis is spread by wild and domestic birds; the recent survey in Thorhild County has shown it to be widely established there. And Q-fever is similarly associated with livestock, especially cows and sheep.

Dr. J. M. Howell
Medical Officer,
Sturgeon Health Unit.

Toronto Royal

The Toronto Royal Agriculture Winter Fair is being held from Nov. 15 to 23 inclusive. The Alberta Department of Agriculture urges Alberta farmers to participate.

Alberta farmers have an enviable ability to grow quality cereal, oil, forage and vegetable seeds and tubers. Valuable publicity of this fact is provided through the efforts of those who prepare and exhibit their seed each year at the Royal. They

share in the honors and prize money and bring recognition to their family, community and province.

The plant industry division are again offering assistance and rewards. They will assist exhibitors by supervising the shipping of exhibits and will display same at fair. All exhibits must be received in their office not later than Nov. 1st. All entry forms must be mailed directly to Toronto by October 19.

To obtain entry forms and prize lists or any further information contact your District Agriculturist or the Plant Industry Division, Department of Agriculture, 9718 - 107 Street, Edmonton.

Gibbons Guides win badges

Five Gibbons Girl Guides won Pioneer Badges at camp during the past summer.

The five were: Jackie Rigney, Janice Fraser, Susie Allison, Dana Coley and Peggy Williams.

Gardener Badges were won by Debbie Mitchell, Deanna Lamoureux and Shannon Mabbutt.

Susie Allison, Janice Fraser and Jackie Rigney, passed their first class and Helen Rigney, June Fraser, Cathy Morin, Luann Lamoureux and Tracy Mabbutt completed their second class tests.

Pasture projects approved under ARDA

Development of the Elizabeth Metis Colony community pasture has been approved today by Alberta and Federal governments. The colony, lying along the Alberta-Saskatchewan boundary, 20 miles south of Grand Centre, will spend a total of \$90,000 on the project over the next four years.

The objectives of this project will be to develop the ranching potential and provide for approximately 3,500 head of cattle. ARDA will spend about 80% of the total developing this physical structure. The remaining monies are earmarked for an educational program to increase knowledge and skills in the development and maintenance of the pasture, and the management of beef cattle.

The residents of the Elizabeth Metis Colony are naturally inclined to ranch-

ing, and have expressed a genuine desire to develop the potential of the colony.

BEAVER LAKE INDIAN RESERVE PASTURE

During the next three years ARDA will spend - \$24,500 developing a pasture on the Beaver Lake Indian Reserve. This project jointly approved by the provincial and federal gov-

ernments located directly south of Beaver Lake, approximately seven miles south of Lac La Biche.

Developing the ranching potential of the reserve will provide pasture and fodder for 1,000 head of cattle. Winter feed for 300 head will be obtained by clearing, levelling and reseeding 300 acres of meadow between Lac Lacroix and Beaver Lake.

Dollars and sense

Dear Sir:

My husband makes a fair salary; nothing to brag about but all right, and I budget our money pretty carefully; so that isn't my problem. My problem is that my husband doesn't seem to appre-

ciate the importance of money. Several times he has had a chance to take a better paying job and he keeps turning them down. He says he is happy doing what he is doing. How can I convince him that he will be even happier mak-

ing more money?

Mrs. I.C.

Money is important because it takes money to buy the things that help the family achieve the common goals which it has set for itself. To this extent the family breadwinner has a moral obligation to provide as best he can. Surely, there are family breadwinners who toil all their lives in jobs which do not have the capacity to make them happy. But they go off to their jobs every morning (and in some cases, every night) in order to earn the means through which they can provide for their families. Your husband should understand this.

But you too have some understanding to do in this matter of money. You must understand that there are important goals that have nothing to do with making money; they have to do with the feeling of personal satisfaction one can get from doing a job which he feels is important; which satisfies his need to feel he is accomplishing something. Look at the teacher. Almost without exception, teachers could earn more money in private industry, but choose instead to labor for less in jobs which they know are necessary and worthwhile.

I would urge you to stop this stress on the dollar and concentrate more on a clarification of your family goals one of which is certainly the satisfaction which your hus-

Mission students to bowl

Students at Mission Park Junior High School have formed a mixed bowling league, which will compete Fridays from 4 to 5:30 p.m.

They have issued invitations to Grades 7, 8 and 9 from other St. Albert Schools to join.

For 60 cents, bowlers are guaranteed three games.

"Business" is what, when you haven't got any, you go out of.

Artisans in India hand-carve ivory elephants smaller than a pencil lead.

Around Town

The Sanctum will swing open its doors at 8:30 p.m. Friday, Oct. 11, and St. Albert teens will dance to The Circus.

It will be the first official function for the teen club and memberships for St. Albert residents will be sold at the door at \$2.50 each.

Admission to the dance will be 50 cents for members and \$1.25 for non-members.

Lion's Club

The Lion's Club of St. Albert wishes to thank the people of St. Albert for the wonderful reception given their annual Light Bulb Campaign.

The club was out in full force for two nights and covered the entire town.

The proceeds from this fund - raising drive will be used in the various projects the Lion's Club support - Air Cadets; Little Canadian Baseball; Scholarship Funds; Lion's Park and many others.

The club's other main source of income will be the Klondike Tomtola to be held in March, 1969, and the presentation of the renowned hypnotist, Master Sinclair on Nov. 1 and Nov. 2, with a possible performance on Nov. 4. Plan now to see Master Sinclair, and watch for further information.

band gets from his work. When you see things more clearly, you will at the same time have a clearer picture of the importance of money and the part it plays in our lives.

She traded dolls for soccer balls

CATHERINE HOLDEN

Catherine Holden is a lively, laughing 10-year-old with flashing eyes and a slim body capped by blonde hair worn in the nothing cut so popular with the girls -- and boys -- these days. She has played with dolls and baby carriages and has done just about everything that little girls do.

There is, however, one slight change in the makeup. Plays soccer?

That's right, on her father's team in the St. Albert Atom League.

Now don't get the idea that this is the old story repeating itself, the father who hasn't got a son trying to get his daughter to play the role.

Tony Holden of 19 Gladstone Cres., has four boys, two of them, one older and one younger than Catherine, solidly entrenched in the game.

It just happens that Cath-

erine is a pretty good soccer player and Tony's team just happened to need one.

"I used to fool around with the ball a lot at games when my brother was playing," Catherine told The Gazette, "and I learned a lot kicking the ball around

with him at home. I guess my dad just spotted the talent."

She doesn't say it boastfully; she just says it. And she gets the backing of her team-mates.

"They didn't want me at

first," she said, "but my dad stuck up for me and after I played a few games they changed their minds."

"Boy, I thought it was pretty dumb," said 10-year old goalie Blair Doran, who has since had second thoughts about it. "Now I think it's okay to play a girl on the team if she's good, and she is."

Terry Jackson, a nine year-old centre forward, agrees. "I liked it once I saw her," he said. "She passes to me a lot. Last week I got two goals on passes from her. I got one on my own, too."

Nine-year-old Gordon Hayward was afraid the other teams would laugh at them. Now he doesn't care. When he says "she's a good player," he pretty well sums up the feeling of most of the boys.

Catherine has only scored one goal but as Terry Jackson says, "she makes good passes." She also manages to more than hold her own defensively.

No one -- the boys on the team, the opposition, her father -- gives her preferential treatment.

"I'm just one of the boys," Catherine said.

Catherine says her girl friends laugh at her for playing soccer with a boys' team, but she doesn't really care what they think.

"I would like to play with a girls' soccer team," she says, "but I don't think they will ever have one."

It's a shame, really, because this will probably be her last year in the game. She would have to play pee-wee next year and doesn't like her chances of making a team.

"They're real pros," she says of the 11 and 12-year old age group.
